Beautiful windows _____ for your home

josko.com

A beautiful home _____ as the dream of a lifetime

INHALT

Smart Mix	06
Window overview	12
Avantgarde	20
Modern	30
New Classic	40
Sun shade	50
Entrance doors	54
Interior doors	58

The most important place in people's lives is their own home. Where can they achieve self-fulfilment if not here? Where should they surround themselves with beauty to delight them every day if not here?

Our beautiful windows and doors will fill your home with aesthetics, light, air and life.

Let us help you create your unique and stylish home.

We are just as detail-oriented and discerning as you are. See for yourself and let us create the most beautiful place in your world together!

Extraordinary beautiful windows

Those with a sense for aesthetics appreciate our uncompromising design standards and the slender and refined shape of our windows, which will bring you joy even after decades.

Natural wood grain

Stylish down to the last detail

Elegantly refined design

Symmetrical frames

SLIM WINDOWS

Narrow window frames ensure not only a more beautiful architecture but also plenty of daylight.

Smart Mix

_____ exceptionally coordinated

With our Smart Mix, you can design your home just the way you like it while making optimal use of your budget. You choose the style for the windows, doors, sun shades and accessories and we will make sure that everything goes well together – from colours to surfaces all the way to the overall appearance. This allows you to create a harmonious living environment to match your individual preferences.

①

COMBINE BUDGET-OPTIMISED
A uniform look on the outside. Wood/aluminium and PVC/aluminium windows can be combined on the inside

②

TONE-ON-TONE
Make your home harmonious with tone on tone colours

③

UNIFORM HANDLE SERIES
For windows, sliding doors, entrance and interior doors

④

UNIFORM PRODUCT FAMILIES
Windows, patio doors, fixed units and sliding doors with the same signature design

Aesthetical components _____ from a single source

All-glass systems

Sun shade

Entrance doors

Windows

Large glass surfaces

WHEN A HOME COMBINES SO MUCH BEAUTY

Windows, all-glass systems, entrance and interior doors, sun shades and insect screens, developed and manufactured in-house – thought through to the last detail.

Interior doors

A fascinating world _____ full of possibilities

Windows are not only the eyes of your home – they are the face of your living space. Sliding doors with fascinating opening variations, floor-to-ceiling windows, distinctive glazing bar windows, frameless fixed elements and custom-made special shapes – all with award-winning design and uncompromising quality.

Where do you feel _____ at home?

Avantgarde

MAXIMUM MINIMALISM THAT IS AHEAD OF ITS TIME

Minimalistic slenderness
5 cm frame width for all elements

Uncompromising symmetry
On all four sides, inside as well as outside

Versatile inside
Choose between aluminium, wood, glass for the inside or learn about additional materials

Inside

Outside

Modern

SIMPLY PURISTIC AND IN KEEPING WITH THE TIMES

Wall and glass flush-fitting
Window frame, sash and glass pane are flush-mounted on the outside and flush-fitting to frame on the inside

No-frills look
Clear lines for a contemporary look

Budget-optimised construction
Wood/aluminium and PVC/aluminium windows can be combined

New Classic

FAMILIAR CHARM NEWLY INTERPRETED

Surface-rebated
Window frame, sash and glass pane are rebated

Charming living style
Playful details such as glazing bars and panels

Budget-optimised construction
Wood/aluminium and PVC/aluminium windows can be combined

Slim frames _____ more beautiful windows

Every living style deserves slender and thus beautiful windows. No matter whether you love Avantgarde, Modern or New Classic: With us you always choose the minimum for the frames and the maximum for the glass surfaces.

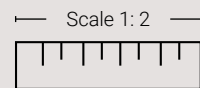

YOUR
ADDED
VALUE

- ① MORE BEAUTIFUL ARCHITECTURE
- ② MORE DAYLIGHT
- ③ MORE VIEW
- ④ MORE SOLAR ENERGY GAIN

DESIGN LINE AVANTGARDE

53_{mm}

DESIGN LINE MODERN

62_{mm}

Sash*

DESIGN LINE NEW CLASSIC

62_{mm}

Sash* frame

* The sash is only a slender 62 mm. With the frame set 15 mm into the plaster, the visible window frame will be a slender 82 mm – including frame and sash, on the side and at the top of an openable window.

We love _____ large glass surfaces

A bright home, flooded with daylight and open for a spacious view of nature: For this, our all-glass systems combine fixed and moveable glass elements with accessories to form a complete package.

1

IMPRESSIVE DIMENSIONS

What do architects especially appreciate about us? Our systems allow for huge glass elements in one piece, glass corners are also possible. This reduces disruptive parts to a minimum. You can even be flexible up to a height of 4.5 metres.

2

FLUSH-MOUNTED INTEGRATION

Windows & patio doors, entrance doors and fixed glass elements are connected flush-mounted on the outside. The result: Generous glass fronts in a single level.

3

BARRIER-FREE

Thanks to their own drainage channel and design grate the zero thresholds and barrier-free ground sills for sliding doors create not only comfort, but also a particularly elegant look.

4

HOLISTIC AND YET DETAIL-ORIENTED

All-important elements like sun shade and insect screen are also ideally coordinated both technically and visually and designed for large surfaces. Concealed guide rails, unobtrusive rope anchoring or slender, symmetric insect screen frames are only a few examples of our holistically conceived solutions.

FIXFRAME The frameless all-glass architecture.
The frame is invisible because it disappears completely in the masonry.

Design line Avantgarde

MAXIMUM MINIMALISM THAT IS AHEAD OF ITS TIME

You love extraordinary design that stands out and inspires. You follow your own path courageously, set trends and inspire others with your visionary style. The premium pieces with which you surround yourself reflect your love for the extraordinary – unique, avant-garde and always one step ahead.

ONE

New standards in window design: Inspired by the look of a picture frame, One is symmetric and exceptionally slender on all sides. This is the case with all elements, even the sliding door.

Product family ONE has brought back the slim elegance of the windows of old. A special feature is the slim and symmetric design of windows, sliding doors, fixed units and insect screens with a visible width of only 5 cm.

1. Window ONE with all-round symmetry – inside and outside 2. Patio door ONE App in Oak 3. Large glass surfaces – without limits for width planning. With fixed unit FixFrame ONE you can be up to 4.5 meter flexible in height 4. Frameless sliding door FixFrame ONE App S – high-end design with particularly slim sash and frameless fixed unit

MULTIFACETED INSIDE

ONE is available in aluminium on the inside or in solid wood or glass with appliqués. Learn about additional material application that are also possible on site.

LESS IS MORE

ONE impresses with a minimalistic design reduced to the essentials: 5 cm frame view on all four sides and all elements.

ONLY 3
FINGERS
WIDE

**UNCOMPROMISING SYMMETRY**

The high-end FixFrame ONE S sliding door combines frameless glass elements with uncompromisingly symmetric slenderness and complete accessibility – for a home with particularly high aesthetic standards.

**MAXIMUM MINIMALISM**

Less is more, as frameless fixed elements with sliding doors in extremely slender frames make the boundaries between inside and outside disappear.

Combine with confident style

WELL.COME Nevos glass, high-gloss glass black shine

ENTRANCE DOORS

Extravagant high-end glass design

High-gloss glass surfaces and black-coloured glass ensure a trendy and avant-garde design.

reddot design award

INTERIOR DOORS

For puristic living

The focus is on the door leaf because the door and the wall are flush and the frame disappears in the wall.

HONGKONG MET Loft, Alu black, Glass Riffle white

PRADO MET 56, tone-on-tone with the wall

Design line _____ Modern

SIMPLY PURISTIC AND IN KEEPING WITH THE TIMES

You prefer modern living with clear lines and a puristic style. Reduced shapes and neutral colours characterise your home, which impresses thanks to an uncluttered, airy atmosphere.

The natural look, coupled with a minimalist design creates an even and harmonious surrounding, where every element has its own place.

Platin & Safir

Successful and perfectly shaped. Platin and Safir windows inspire with their slender and refined design and sustainable material.

NEU!
Now even more slender!

MATCH & MIX

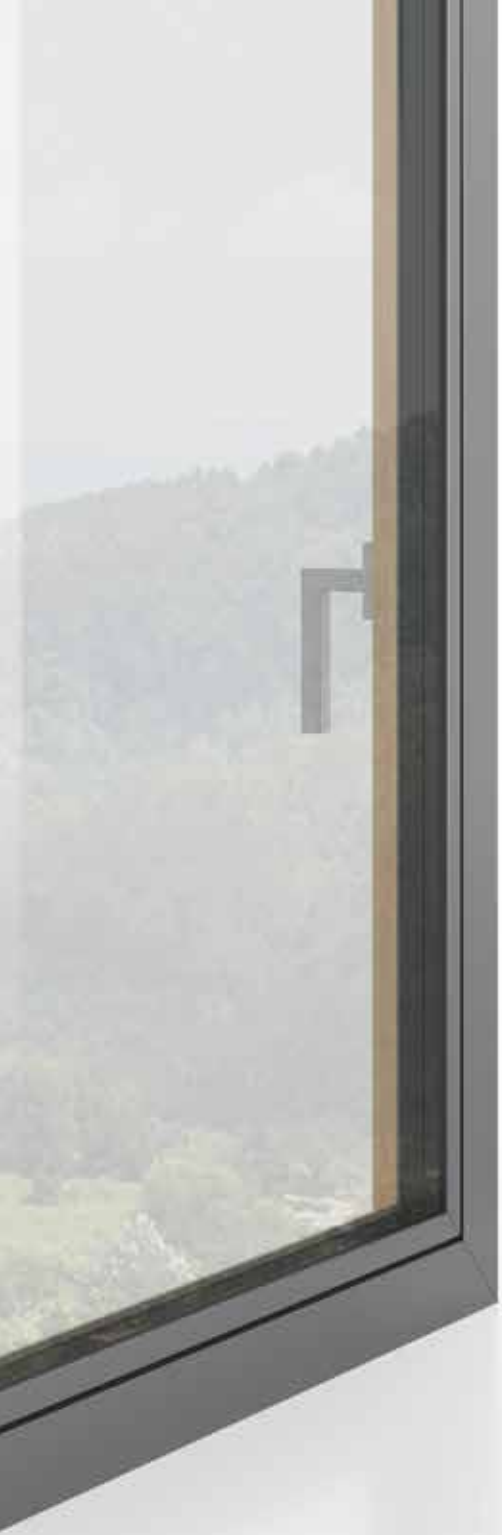

1. Particularly slim and simple contemporary design 2. The realisation of a naturally beautiful and bright living style with large glass surfaces 3. Patio door up to 3 m high, PVC from 80 % recycled materials 4. Finely processed solid wood without PVC

PERFECT BRIGHTNESS
Modern living comes in many forms - But what unites them all is timeless design and maximum daylight. Safir and Platin combine both of these perfectly.

ELEGANTLY REFINED AND CONTEMPORARY
The bevelled sash adds a modern touch to your interiors and fits perfectly with elegantly refined, modern living styles.

MAX.
FLUSH-
MOUNT

GLASS AND FLUSH MOUNTED

Platin and Safir are flush mounted inside and outside, outside even glassflush. That is why in addition to their simple and contemporary look they are also very easy to clean.

NATURALLY BEAUTIFUL

Just as the trendy and very natural living trend Japandi, Platin combines the warm cosy atmosphere and cool, natural style of the North with the elegantly refined and reduced aesthetics East.

PLATIN BLUE

Simple with particularly slim frames, especially the fixed unit which even comes without interior glass beading. Available in numerous wood types and colours. The decisive advantage: We fully assemble the Platin Blue lift & slide door in our factory, simplifying installation at the construction site.

**FIXFRAME PLATIN**

The FixFrame fixed unit looks completely frameless. Other windows, patio doors and lift & slide doors can be integrated with this frameless fixed unit flush-mounted on the outside.

SAFIR BLUE

Use the Platin Blue and Safir Blue in your home at an optimised cost. Depending on the room, you can choose between wood and PVC, the outer look remains the same thanks to the uniform aluminium design.

Combine with confident style

WELL.COME Nevos Alu, door leaf and glass in trendy black

ENTRANCE DOORS

In elegantly refined design

Clear lines and simple elegance fit particularly well to the modern living style. The flat and elegantly refined Nevos entrance door highlights the modern architecture of your home.

INTERIOR DOORS

With maximum freedom in choice of material

Thanks to ONE 56 App, it is possible for the first time to introduce a wide range of materials such as glass in the frame. Thanks to the intelligent design, you do not have to decide until installation whether you want the frame to be flush or rebated to the wall.

PRADO ONE 56 App, refined and natural in rough-sawn oak

Design line
_____ **New Classic**

**FAMILIAR CHARM
NEWLY INTERPRETED**

You are a Classic lover; you gladly combine the new with the old and love the charming and refined look that the New Classic Style offers. You are somewhat unconventional but always trendy when choosing fixtures and fittings, paying special attention to the details in your home.

NEU! **Amber & Zirkon**

Charming in New Classic style. Amber and Zirkon windows unite trusted shapes, balanced proportions, slender design and sustainable energy footprint into a fresh look.

MATCH & MIX

- 1. Design variety – from a cool industrial look to the charming New Classic style
- 2. Finely processed solid wood without glass beading
- 3. Ideal for renovations thanks to exceptionally slender frames
- 4. Stylishly profiled for the classic living styles

MULTIFACETED

Amber is your playing field for your personal style. Bevelled or profiled frames and glazing bars, patio doors with different panels and a wide range of colours in four wood types make Amber truly multifaceted.

IN LOVE WITH LIGHT

With its exceptionally slender frame, Zirkon embodies timeless elegance, while at the same time creating space for the essentials: Light, view and atmosphere.

GLASS AND SURFACE REBATED

Amber and Zirkon are recessed inside and outside. Outside, a shadow gap sets an accent and makes the frames look even more slender. The special feature inside: Both are without glass-bead - making them appear classic and yet with a modern touch.

RENOVATIONS

Thanks to the exceptionally slender frames and the numerous design options, the Amber and Zirkon are the ideal windows for renovation purposes. Even in listed buildings.

AMBER BLUE

The particularly slender frames of the Amber Blue frame create brightness and contemporary simplicity in wood. As a loft-like all-glass combination with patio door, your home shines with just as much daylight as a lift & slide door, but at a lower cost.

**ZIRKON BLUE**

Use the generous lift & slide doors and fixed units of the Zirkon Blue to create a stylish and particularly efficient design for your home. You decide for each room what fits best: cosy wood or easy-to-clean PVC. Thanks to the uniform design in Alu the outer look remains the same.

Combine with confident style

NORWICH Vitas in Smart Mix with Amber window

ENTRANCE DOORS

In classic design

Vitas doors create a strong appearance, welcoming us with style and warmth at the same time. Nordic. Anglo-American. Mediterranean. But always with local flair.

KARLSSON Vitas squirrel grey

TALLINN Vitas N08 beach

INTERIOR DOORS

Charming and stylish living

We consider doors as an important part of your interiors, because they help to express your style. Depending on the model, you can decide how to design your rooms: From a modern Oasis to an elegant Salon.

GENT BET Wild Oak N09 white heaven

STOCKHOLM BET RAL 9016, painted white

BORA 3 cosy industrial-look with oak

AVELLINO charming design in light beige

Sun shade

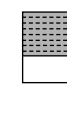

Sun shade is a fixed and often underrated component of windows and particularly important for large glass surfaces. It protects against overheating and offers a privacy screen from the outside at the same time.

OUR THREE PRODUCTS

 **VENETIAN BLINDS**
Slat Venetian blinds with infinitely variable adjustment

 **VERTICAL AWNING**
Textile roller blind with wind-resistance zip guide

 **ROLLER SHUTTERS**
Fully darkening-enabled shading solution with security character

EASY VENETIAN BLIND

Our Venetian blinds help you save on energy. They can help you with continuously adjusting the light in your home.

Up to 16 m² in one piece, quickly and easily installed, our easy Venetian blinds also offer corner solutions – which only a few providers are able to do.

EASY SCREEN ZIP

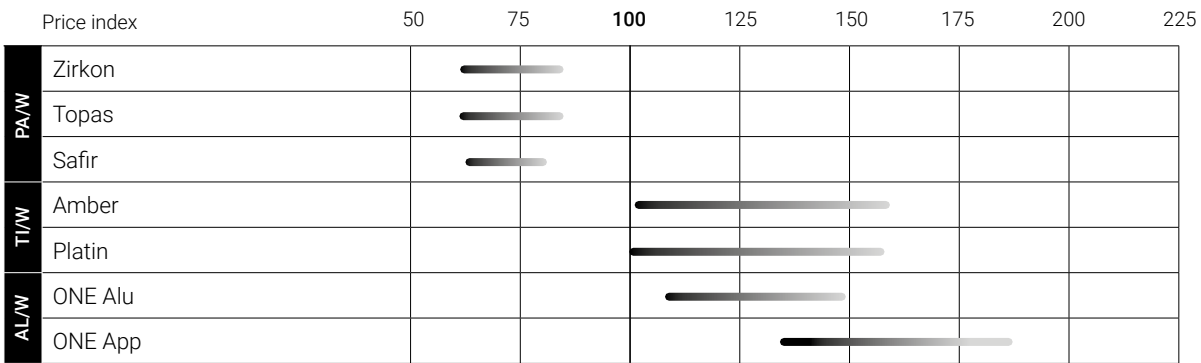

Our external textile rollers (zip screens) are particularly wind-resistant and create beautiful light accents in your home.

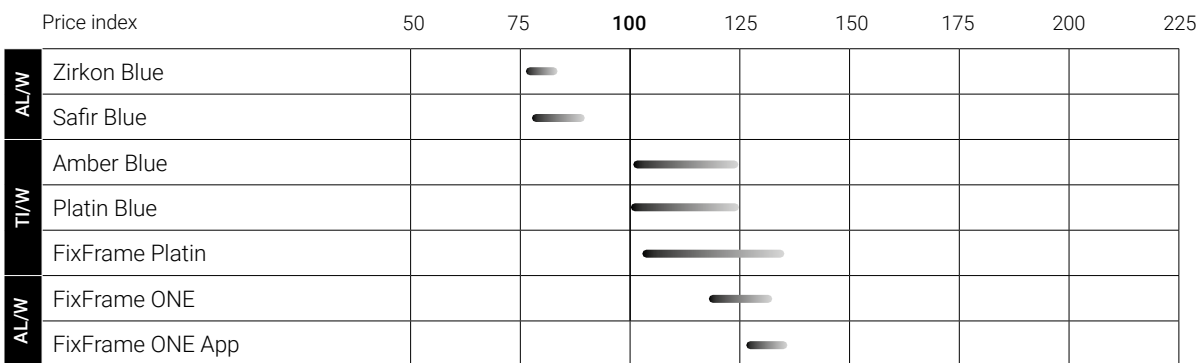

Beautiful design _____ for every budget

Thanks to our window families in various conventional materials, we can optimally respond to your budgetary possibilities.

- ⑤ **ACCESS SOLUTIONS**
Motor lock, fingerprint, code button or integration in Smart-Home-System.

Interior doors

Each one of the 50 models can be adapted to your home in colour and style, technically sophisticated and sustainably manufactured. Elegant genuine wood veneers, high-quality painted doors offer you multitude of variants and colours.

IN LOVE WITH WOOD

1. Endless design variety of minimalistic living styles up to the New Classic
2. Real wood edge for a long service life and genuine wood veneers for particularly elegant surfaces
3. The MET Loft glass door impresses with clear lining and elegant Bronze Look, as seen here
4. Like living in the loft
5. Stylish accessories highlight your living style

UNOBTRUSIVE FRAMES
Understated frames set elegant accents, while the flush door leaf merges seamlessly with the wall – available in wall colour or refined with glass and wood appliqués.

SURROUNDING FRAMES
Surrounding frames, flush or rebated, provide design freedom with angular, bevelled or profiled bars.

INVISIBLE FRAME
An invisible masterpiece merging wall and door to form a beautiful unit. Only the door leaf remains visible, the rest is pure aesthetics. Design that allows the space to breathe.

Freedom of design _____ for your ideas

- ① **PURISTIC, CALM OR PLAYFUL?**
Invisible or unobtrusive frames with stylish frame bars
- ② **FREEDOM OF DESIGN**
Almost 50 models
- ③ **ACCESSORIES**
The handles match the style of your doors, contemporary natural, also available in matt black
- ④ **TRENDY GLASS**
Whether grooved, bronzed or structured: Our trendy glasses provide you with new perspectives
- ⑤ **ADJUSTABLE**
Flexibly adjustable in 1-centimetre increments. Ideal for renovations

What sets us _____ apart

1

EVERY WINDOW AND EVERY DOOR ONE OF A KIND

Off-the-shelf products, standard sizes, stock products – not with us. Each element is manufactured to order and custom-made. We can also manufacture special requests and special sizes. Because we are convinced that a house should always be one of a kind.

I LOVE WOOD

Since our founding as a carpenter's workshop in 1960, we have always felt a special passion for the beauty of wood as material. For years we have been the successful market leader* for wood/aluminium windows in Austria and even in Germany our wood/Alu windows have been among the most successful top players over the years. (Source: K&F Branchenradar).

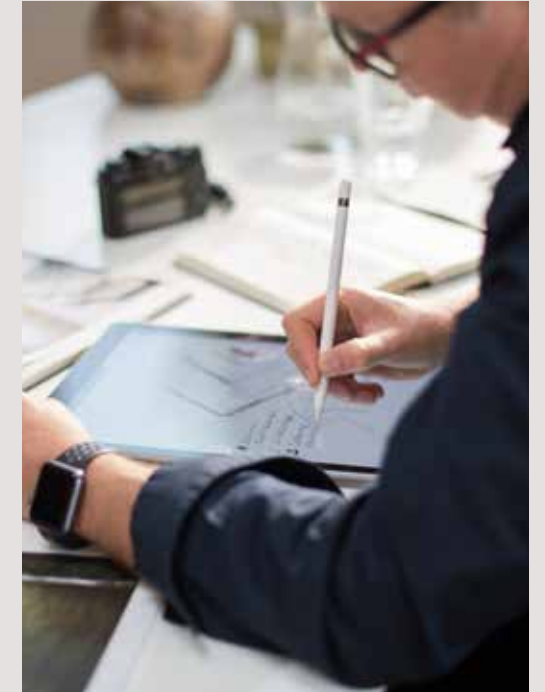

2

3

ANYTHING EXCEPT ORDINARY

We don't just assemble finished components, as is often the case in the industry, but rather develop and design from ground up. This also forms the basis for our unique design and our coordinated overall solutions.

4

ALWAYS BEAUTIFUL AND SUSTAINABLE

With a share of around 80% green sales, we are considered by EU as a very sustainable company. We open the way to climate-neutrality with our windows. Solid wood from Austria and neighbouring countries, very high recycled PVC and aluminium content, energy from own sources and numerous other insights and plans and much more are available at josko.com.
